

STOCKS

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Epstein:

The San Francisco stock exchange took the regular midsummer vacation this afternoon and will not reassemble until Thursday, July 6th. This was one cause of the apparent weakness of the market, as no one cared to make commitments extending the next six days in face of pending hostilities with Mexico and the war situation in Europe. New York will adjourn for one day only, holding sessions Monday and resuming on Wednesday.

ADDITIONAL FEATURE IN PROGRAM FOR BENEFIT OF MOTORCYCLISTS

The executive committee for the Fourth of July celebration will hold their last and final meeting tonight at 8 o'clock in the offices of J. Grant Crumley and the finishing touches will be framed for the big show beginning promptly at 1 o'clock Monday afternoon and lasting until the stars disappear early Wednesday morning, July 5th, when the lights will be put out at the Airdome following the big dance on the night of the Fourth.

The executive committee announces that at 1:30 p. m. Monday a motorcycle race will start at the depot and finish at the corner of Main and Florence avenue, with five entries, and it is therefore imperative that all merchants and civilians make arrangements to use the back streets for their vehicles after 1 p. m. Monday. This will be followed by the horse races, commencing at 2 p. m. and lasting until the final heat has been run. It is desired to have all entries for the horse races in the hands of Chairman Grier by Monday morning at 10 o'clock, as no horses will be allowed to qualify after that time. The purse has been increased to \$150, winner taking \$75, second \$50 and third \$25, providing there are five or more entries. This event will start under John Clendennin at the Hall Liquor Co. and finish at the intersection of Erie-Main streets.

The county commissioners have arranged to clean Main street of all loose sand and to have this and the side streets thoroughly sprinkled from daylight both Monday and Tuesday mornings in order to avoid any dust.

The big parade on the morning of the Fourth at 10 o'clock promises to eclipse any similar event ever attempted in southern Nevada, as no expense has been spared in securing all of the correct materials to transform the various floats into creations of splendor and beauty. Mrs. Davenport is being assisted by a score of the ladies of Tonopah, who are all giving their time and attention to this big feature. All contestants for prizes must be on hand to be assigned to their respective places at 9:45 a. m.

Goddess of Liberty Contest

With the great Goddess of Liberty contest drawing to a close the interest is becoming more spirited and keen every day. All ballots must be deposited not later than 6 o'clock Saturday night, as the official count will take place in J. Grant Crumley's office promptly at 8 p. m.

The following was the standing at the close of the open voting Wednesday night at 7 o'clock: Miss Helene Dugan, 8650; Miss Thelma Scott, 6045; Miss Elizabeth Merver, 4930; Miss Nellie Holland, 3620; Miss Vernie O'Connell, 3050; Miss Madeline Wilson, 3000; Miss Alice Clark, 3000.

"MIKADO" TO BE GIVEN TUESDAY EVENING, JULY 11

With a full attendance at last night's "Mikado" rehearsal it was unanimously decided by those participating to give same on Tuesday evening, July 11. It is the desire of all those taking part to present a finished production and with the extra practice the time will allow believe they can present something worthy of the patronage of the people of Tonopah.

REMAINS OF MRS. OLLIE DEWAR LAID TO REST

The body of Mrs. Ollie Dewar, who died last Thursday morning, was laid to rest in the local cemetery this afternoon at 3 o'clock, from the Presbyterian church. Rev. Mr. Bayless conducted the services.

The remains were followed to the cemetery by many friends. A magnificent bank of white and purple sweet peas covered the top of the

The Union Drug Store

Just to boost the vote for the GODDESS OF LIBERTY CONTEST and incidentally to introduce the NYALL standard remedies and toilet articles, will give ten votes FREE with each 50 cent purchase of the NYALL LINE for the week ending July 1st.

Union Drug Store

G. A. HOFFMAN PROPRIETOR

The costumes for the big Mardi Gras carnival arrived yesterday and are on display in the vacant store-room in the Richards building under supervision of Dr. A. Morgan Owens. These costumes can be rented at a very nominal cost to pay for the expense of bringing them from San Francisco.

Nick Ableman returned from Goldfield last night with two machine loads of boxers and wrestlers, with their trainers and retinue of ring followers, and all the boys who will take part in the big boxing show at the Airdome on the night of July 3rd are now on the ground and will complete their training in Tonopah from now on.

Tony Barragane, the great Russian, the Flying Dutchman, at daylight this morning and made the run from the corner of Brougher and Main to the top of Mount Oddie and return in record time, and he may keep some of the contestants busy in the marathon which takes place Tuesday morning at 9 o'clock over the same course.

Antone La Grave, looking fit as a fiddle and full of confidence, with Paddy Cannon, the greatest middle-weight wrestler of his time, were around town last night greeting their many friends and renewing old acquaintances. Both of these boys have gone through a long series of training in Goldfield and are confident of winning their two events Monday night. Johnny McCarthy, who meets La Grave, appreciates he has some job on his hands in this battle and has also been very careful in his training preparations. McCarthy will appear at the Airdome during the dance tomorrow night and box several exhibition rounds with his sparring partners.

The advance sale of seats now on at the Cobweb, Bank, Tonopah Club, Tonopah Liquor Co. and the Northern is the greatest seen in many a day and anyone wishing a front seat had better get busy and make their reservations early, as the standing room only sign is sure to be hanging out Monday night.

Several other floral pieces were given by friends.

AFTERNOON NEWSPAPERS ARE GROWING

Since the use of improved newspaper publishing machinery has become general, afternoon newspapers have grown more and more popular with the average reading American.

Today in nearly every city in the United States, afternoon newspapers have larger circulations and advertising patronage than in the past.

The development of the afternoon newspaper is steady because it is based on the ability to give better service to the public.

KANROHAT GROUP OF CLAIMS SOLD

JEFFERSON CANYON PROPERTY TAKEN OVER BY CHARLES S. SPRAGUE INTERESTS

Sixteen claims, water rights and three mill sites representing the continuous development of forty-three years, were transferred yesterday to Charles S. Sprague company. The transaction was closed on the payment of a sum of about \$10,000 to bind the transaction, which means that eventually the seller will receive a handsome fortune for his holdings. The exact amount involved is not known, but it is reported to be \$250,000. The new owners propose installing a flotation plant which will be ready to treat 200 tons daily at the expiration of sixty days. Nothing remains to be done but to erect the tanks, filters and accessories, as the company is already supplied with crushing and grinding equipment sufficient for all immediate purposes.

The group is situated in Jefferson canyon, six miles from Round Mountain. The development has largely been through a series of four tunnels, none less than 350 feet in length, with as many more of minor value. Three shafts were sunk to a depth that, in conjunction with the tunnels, served to disclose the existence of rich ledges of silver-gold bearing ore. The value of the product may be understood better by the fact that the entire development was paid for from shipments sent out by the locator. There is a mill on the ground that cost \$90,000. This was built seven years ago, but never completed, as the builders became financially embarrassed after almost finishing and left the work in a condition where a few thousand dollars would place it in commission. The transaction of yesterday was represented by a bond calling for a majority of the stock of the Jefferson Gold and Silver Mining company, which was incorporated years ago, with a capitalization of 2,000,000 shares, 500,000 of which remain in the treasury. It is a noteworthy fact that the Sprague payment was made in currency which filled a fifty pound flour sack and carried by auto from Goldfield to the mine.

Manager Charles S. Sprague returned to Goldfield last night, but, in passing through Tonopah, announced that he would immediately begin sampling the property in a thorough manner and extend the No. 4 or lowest tunnel through to intersect

WORK ABOUT DONE ON THE STORY

REVISION AND ADAPTION OF A FAMOUS PIECE OF FICTION TO TONOPAH SURROUNDINGS

"Married on a Bet," the famous piece of fiction with a Tonopah setting which the Bonanza is soon to publish exclusively, written by Thomas C. Hodges, Jr., and copyrighted, will soon be ready for publication.

There is no end of curiosity as to the local characters who will appear in the story, some of them under their real names and some under thin disguises. Some of them will probably be a little sore, but if they are they won't dare say a word about it, for the story is strictly one of good nature and deep human sympathy. There is nothing cynical in it and nothing in the nature of burlesque or ridicule. Everybody in town will read it, from first to last line and it will be the Tonopah journalistic hit of the year.

FEATURE AT THE BUTLER

One of the prettiest little acts ever secured by Jules Smith for the Butler theater was that of the Lindsay "Kids," which enthused three crowded houses yesterday. Mrs. G. W. Lindsay and her three tots put on a musical number that evidenced genius on the part of the children as well as most skillful training by the mother. The feature of the program was the piano solo work by little Roma, who could barely reach the pedals and span the octaves. Her Hungarian symphony was perfect in execution. Adv J39-11

Mazda lamps at 27 cents. Lundlee Bros.

the vein. Later a tramway will be installed to connect the tunnels and mill, and No. 3 tunnel will be placed in shape to produce. The stream that courses through the holdings for a distance of two miles will be harnessed to generate hydro-electric power for consumption in both mine and mill. At present there is a concentrating capacity of 40 tons, which will be augmented by two more tables to double the output, while the crushing plant will be enlarged. The ore is amenable to either concentration or cyanidation, and a large tonnage is susceptible to the flotation process, which will be installed at once with an initial treatment of 200 tons a day.

AMUSEMENTS

BUTLER THEATER

The feature at the Butler this evening is a Big-Four production entitled "Love's Toll," written by Daniel Carson Goodman and featuring Rosetta Brice and Richard Buhler. A heart-beating play of a woman who marries with a lie in her heart and of a man from whose lips the cup of trust and happiness is dashed. It recognizes the fact that life is not always flowing in tranquil current between flowered banks and that in its irresistible course to the sea that borders the great beyond there are rapids and rocks and turmoil and seething struggle. It is from this period of the voyage that Dr. Goodman has snatched the episode which makes "Love's Toll" a red-blood story of primitive human emotions. The great auditorium and stage of the Metropolitan opera house in Philadelphia and the famous Ice Garden on the roof of the Biltmore hotel in New York City will be recognized among the big scenes.

Tomorrow, "The Misleading Lady," the reddest-blooded romance of the "modern-primitive" ever produced, featuring Henry B. Walthall and Edna Mayo, both of whom are screen headliners.

SALE OF QUARTETTE MINE OF SEARCHLIGHT

FAMOUS OLD COUNTY PRODUCER SOLD AFTER PAYING DIVIDENDS SEVEN YEARS

The sale of the famous Quartette mine at Searchlight to the Dupont Copper company of New York for \$120,000 is reported. The sale was made by William Black for the owner, B. Frank Miller.

From 1900 to 1907 the Quartette was a great mine and regularly paid dividends from the bullion product of a 40-stamp mill. The mine and mill were leased in 1909 to the superintendent, C. H. Jones, who worked over the big pile of tailings and sublet portions of the workings. With Miller he bought the property for \$27,500, paying the full purchase price from the first month's operation. Three months later the mill burned but they continued to extract ore, which they
